JACOBS, H.-J.
New record of *Lestica bibundica* Leclercq, 1972 (Hymenoptera, Crabronidae) from West Africa. (With 3 figures) 241 – 243

SEIFERT, B.
Treachery pigmentation pattern leads to misidentification: *Tapinoma melanocephalum* (Fabricius), *Tapinoma pygmaeum* (Dufour) and *Tapinoma jandari* sp. nov. (Hymenoptera, Formicidae). (With 6 figures and 1 table) 245 – 252

SCHALL, O.-K.O., CAO, C. & HUSEMANN, M.
New genera and species of Ripipterygidae (Orthoptera, Tridactyloidea) from mid-Cretaceous Kachin amber. (With 7 figures and 1 table)..... 253 – 262

FERNANDES, A.S., GUEDES, J.C. & KROLOW, T.K.
A step-by-step guide for manufacturing a reliable and low-cost entomological dissection microvial for pinned specimens. (With 3 figures and 1 table)..... 263 – 268

PAVLOU, C., BOLANAKIS, G., KARDAKI, L. & TRICHAS, A.
Forty years of ground-beetle sampling in Crete. A major contribution to the Carabidae (Coleoptera, Adephaga) fauna of Crete (Greece). (With 5 figures)..... 269 – 288

BENTO, M., ZEBALLOS, L. & RAFAEL, J.A.
Reclassification of four South American species of *Laemophloeus* Dejean, 1835 into *Charaphloeus* Casey, 1916 (Coleoptera, Laemophloeidae). (With 4 figures)..... 289 – 297

FUNGOMELI, M., WIEMERS, M., CALDERINI, L. & CHIARUCCI, A.
Vegetation determines butterfly diversity and composition across the Arabuko-Sokoke coastal forest in Kenya, a tropical biodiversity hotspot. (With 7 figures and 2 tables) 299 – 318

DECKER, M.H. & BIEDERMANN, P.H.W.
Zur Biologie, Historie und forstwirtschaftlichen Rolle des Ambrosiakäfers *Platypus cylindrus* (Fabricius, 1792), bekannt als Eichenkernkäfer (Coleoptera: Curculionidae: Platypodinae). (With 15 figures)..... 319 – 338

WOOD, T.J.
A taxonomic update to *Pachymelus* (*Pachymelopsis*) Cockerell, with a new species from Ethiopia (Hymenoptera, Apidae). (With 9 figures and 1 table)..... 339 – 353

KASALO, N., HUSEMANN, M., VIELSÄCKER, M., VAN DE KAMP, T., SUBEDI, M. & SKEJO, J.
Lophotettix verhaaghi (Orthoptera, Tetrigidae), a new species of pygmy grasshoppers from Peru with a 3D scan of the holotype. (With 2 figures)..... 355 – 360

RADCHENKO, A. & RIBBECKE, H.-W.
Taxonomic position of the fossil ant genus *Stiphromymex* Wheeler (Hymenoptera: Formicidae), with the first description of its queen. (With 7 figures)..... 361 – 369

JACOBS, H.-J.
Review of the Palaearctic species of *Diploplectron* W. Fox, 1893 (Hymenoptera, Astatidae) (With 35 figures)..... 371 – 379
