72 (1) · August 2022

72 (1) · August 2022

VARGA, Z.

Centres of endemism of Noctuidae (Lepidoptera) in the Palaearctic arid mountains: biogeographical and phylogenetic implications. (With 21 figures, 4 tables and 2 Appendix) 1 – 35

DATHE, H. H.

Contributions to a revision of the *Hylaeus brevicornis* group (Hymenoptera, Anthophila, Colletidae). (With 62 figures) 37 – 66

GAEDIKE, R.

New species of Epermeniidae from Africa with a distributional checklist of the family for the Afrotropical Region (Lepidoptera: Epermeniioidea). (With 11 figures and 1 table) 67 – 73

ASSING, V.

On the taxonomy and zoogeography of *Paederus*. VI. Two new species from Nepal and new records from the Palaearctic and Oriental regions (Coleoptera: Staphylinidae: Paederinae). (With 14 figures) 75 – 79

ASSING, V.

On the taxonomy and zoogeography of the Caucasian genus *Pseudotyphlopsilia* (Coleoptera: Staphylinidae: Aleocharinae). IV. Two new species and additional records from Northwest Georgia. (With 24 figures and 1 map) 81 – 87

ASSING, V.

On *Orsunius* V. Seven new species from Borneo and Vietnam (Coleoptera: Staphylinidae: Paederinae: Medonina). (With 37 figures) 89 – 99

ASSING, V.

A new species of *Acrolocha* from North Iran (Coleoptera: Staphylinidae: Omaliinae). (With 5 figures) 101 – 104

BRACHAT, V. & ASSING, V.

Two new species of *Bergrothia* REITTER, 1884, with a review of the *Bergrothia* fauna of Georgia (Coleoptera: Staphylinidae: Pselaphinae). (With 8 figures and 2 maps) 105 – 113

BRACHAT, V. & ASSING, V.

The first records of the genus *Tychobythinus* GANGLBAUER, 1896 from Georgia (Coleoptera: Staphylinidae: Pselaphinae). (With 14 figures and 1 map) 115 – 121

IRMLER, U.

The Neotropical species of the genus *Somoleptus* SHARP, 1885 (Coleoptera: Staphylinidae: Staphylininae: Xantholinini). (With 52 figures and 2 keys) 123 – 178
